## About the Seminar

Personal Injury can be one of the most complex and confusing areas of practice for many providers. Keeping on top of the current documentation, treatment and management of acute traumatic injuries and understanding the med-legal arena is essential for greater outcomes. Patients are reaching out to providers that can provide this expertise. In this seminar, two experts will present opportunities to you to separate yourself from your competitors and increase your confidence in treating Personal Injury patients.

## About the Speakers

Scott Tauber, D.C., D.A.B.C.O., C.P.C. is the COO of the American Institute of Personal Injury Physicians. He is a 1984 graduate of Life Chiropractic College and is both a Diplomate of the American Board of Chiropractic Orthopedics (DABCO) and a Certified Professional Coder (CPC). In addition to over 20 years of clinical practice, Dr. Tauber has served as a med-legal expert witness and has been an independent consultant for automobile insurance carriers and state regulatory agencies. He is a frequent guest speaker at professional and med-legal conferences, state association events and professional schools and has been published in state and national journals.

Jerome Rerucha, DC, BS, CSCS, CHPS is a practicing clinician and international speaker teaching integration of advanced clinical treatment applications and competitive strength and conditioning principles. Prior to clinical practice he was a full time strength coach, competed in powerlifting for 14 years and won a Lifetime Drug Free World Title and Best Lifter Award in 1999. Having the personal competitive lifting experience, coaching numerous types of athletes and elite strength athletes provides additional benefits when teaching his dynamic clinical applications.
