Take Aim at CHRONIC PAIN— *Conquering America's Health Epidemics*

About the Seminar

This class is for the practitioner who desires to maintain the traditional application of chiropractic and to enhance the benefits achieved by applying the newest and most researched technological advances in the healing arts. This seminar will focus on combating the pain crisis in American with Dr. Jerome's clinically tested proven protocols. Specific hands-on protocols and rehabilitation techniques for common conditions you see in your office on a daily basis will be taught using various techniques and technologies. In addition, Dr. Rerucha will cover the rising obesity epidemic in the U.S., its effect on our health and what can be done to warfare against it.

About Jerome Rerucha, DC, BS, CSCS, CHPS

Jerome Rerucha, DC, BS, CSCS, CHPS is a practicing clinician and international speaker teaching integration of advanced clinical treatment applications and competitive strength and conditioning principles. Prior to clinical practice he was a full time strength coach, competed in powerlifting for 14 years and won a Lifetime Drug Free World Title and Best Lifter Award in 1999. Having the personal competitive lifting experience, coaching numerous types of athletes and elite strength athletes provides additional benefits when teaching his dynamic clinical applications.
