## About the Seminar

The most important system of the human body is the nervous system, but it can be one of the most challenging to understand. Dr. Trevor Berry, a board-certified Chiropractic Neurologist and low-level laser expert, will explore its many connections to other parts of the body. He will discuss the generation of advanced treatments for many of the brain diseases that are greatly affecting our society and those he sees daily at his Chiropractic Neurology Center: Traumatic Brain Injury, Strokes, the Brain-Gut Axis and Autoimmunity, Pain and Inflammation, Basal Ganglia Disorders, Dementia and Alzheimer's.

Dr. Berry's expertise stems from a deep personal interest to find ways that would help him treat these conditions and improve the lives of his patients. He will take you through a patient's health history and documentation with special attention to these conditions and his treatment recommendations. He will bring together the big picture on how the central nervous system affects the many health ailments we suffer from. Come receive advanced training and education in this field from one of the foremost experts in the world.
