Introducing the Newest Line of Cold Lasers from Erchonia®

The PL-Touch laser from Erchonia features an easy to use graphical user interface (GUI) and four patented line generated lasers housed within two feather-weight removable energy delivery probes. With user definable protocols and a quick program mode, this handheld technology is easy to use and incredibly intuitive to operate. Experience the freedom of this incredible new technology— Touch your way to patient recovery!

The PL-Touch Advantage:

- Touchscreen GUI
- Ergonomic design
- FDA Cleared to treat chronic pain
