

LIMITLESS

By: Dr. Dan Murphy

Presented by Daniel Murphy, DC, DABCO

Co-Sponsored by:

Northwestern Health
Sciences University

ERCHONIA[®]
World Leaders in Low Level Laser Technology

Seminar Topics:

America's Health

Identifying the primary healthcare issues in America today

Undoctored

Discuss the Essential Eight factors/habits that improve health, reduce the risk of health problems that would otherwise require provider interventions

Mechanical Integrity

Discuss the importance of mechanical integrity with an emphasis on inflammation, fibrosis, and mechanical neurology

Blood Flow

Discuss the importance of blood flow as the key component of human physiology, with an emphasis on mitochondrial ATP production

Mitochondria

Discuss the importance of the mitochondria in health and disease
Discuss the relationship between the mitochondria, free radicals and ATP

Adenosine Triphosphate (ATP)

Discuss the importance of ATP in human physiology
Learn key physiological functions of ATP

Laser Photon Therapy

Discuss the relationship between mitochondria, free radicals, ATP, cytochrome c oxidase enzyme, and laser photon therapy

Laser Physiology

Discuss the biphasic nature of laser photon therapy, wavelengths, amperage, penetration, secondary and primary physiological influences

Brain Protocol

Protocol for brain function: trauma, degenerative, vascular

Low Back Pain Protocol

Protocol for chronic low back pain

Whiplash Protocol

Protocol for acute whiplash

Fibrosis/Scar Protocol

Protocol for scar tissue and the fibrosis of repair

This is a must see educational seminar with the one and only professor, Dr. Dan Murphy

LIMITLESS

By: Dan Murphy

About the Seminar

Transform the face of America's healthcare starting with your patients. Research expert and Professor, Dr. Dan Murphy DC, DABCO offers the highest quality learning courses validated by scientific research. In this course, Dr. Murphy will educate on structure and function throughout the nervous system and the entire body for systemic wellness; including, but not limited to ATP, mitochondria, laser therapy, brain function, low back pain, blood flow and state-of-the art technologies that are tailor-made for expert chiropractic care. Accurately titled **LIMITLESS**, the knowledge and skills you will learn in this course will change your life, your practice and your patient's lives when you return to the office!

About Daniel Murphy, DC, DABCO

Daniel Murphy, DC, DABCO has taught over 1,700 twelve-hour postgraduate continuing education classes. He also serves as part-time undergraduate faculty professor at Life Chiropractic College West, where he is currently teaching classes to seniors in the management of spinal disorders. He is a contributing author to several books and a quarterly columnist in the American Journal of Clinical Chiropractic. From 2003 – 2009, Daniel Murphy, DC, DABCO served as the Vice President of the International Chiropractic Association.
