

Energize Your Traditional Chinese Medicine Practice Using Low-Level Laser Therapy Getting Your Patients Further Faster!

Presented by: Diana DaGrosa, MSOM, LAC

December 12th, 2019 – Denver, CO

~2 PDA Points Approved NCCAOM~

About the Seminar

With an extensive background of more than 30 years as a health care practitioner with 15 in Traditional Chinese Medicine, Diana L. DaGrosa, L.Ac., brings the newest form of energy movement to TCM. Diana will introduce and explore how adding low-level laser therapy to TCM will improve outcomes and help address difficult conditions. The addition of low-level laser therapy to your practice enhances ***The Great Work You Already Do!*** Diana introduced this proven technology several years ago which has significantly enhanced her outcomes and increased her patient referrals. Diana will share her success stories through case studies & protocols.

About Diana DaGrosa, MSOM, LAC

Diana L. DaGrosa is a NCCAOM Board Certified Acupuncturist with a four-year Master's degree in Chinese Medicine & Acupuncture from the Phoenix Institute of Herbal Medicine & Acupuncture. She has completed the full course work with the Institute for Functional Medicine. Her Bachelor of Science in Health & Fitness is from Springfield College. Diana's studies are complemented by five years of living in Japan, which she credits for her perspective on balanced eating. Diana has attended more than 2,000 hours in Advanced Clinical Nutrition, Functional Endocrinology, Advanced Blood Chemistry & Specialty Acupuncture seminars. She specializes in Natural Digestive Health and Emotional Support.

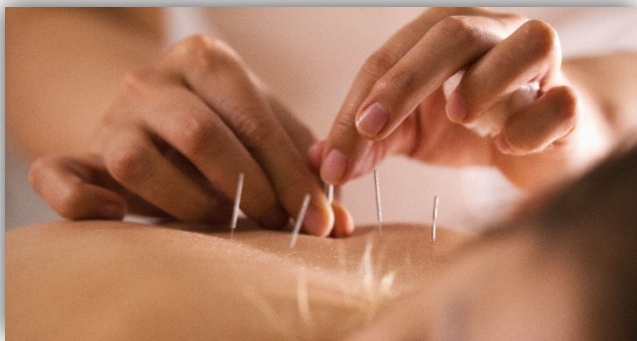

THIS IS ENERGY MEDICINE! = "LIGHT THERAPY"

"In every culture and in every medical tradition before ours, healing was accomplished by moving energy."
- Albert Szent-Györgyi (1967)
