**COURSE OVERVIEW**

The most important system of the human body is the nervous system, but it can be one of the most challenging to understand. Dr. Trevor Berry, a board-certified Chiropractic Neurologist and low-level laser expert, will explore its many connections to other parts of the body. He will discuss the generation of advanced treatments for many of the brain diseases that are greatly affecting our society and those he sees daily at his Chiropractic Neurology Center: Traumatic Brain Injury, Strokes, the Brain-Gut Axis and Autoimmunity, Pain and Inflammation, Basal Ganglia Disorders, Dementia and Alzheimer's.

# BACK IN BALANCE: HEALTH EPIDEMICS FROM A NEUROLOGICAL POINT OF VIEW • 12 CE DC

## OCT 24 & 25, 2020 • BROOKFIELD, WI

### COURSE OVERVIEW

Dr. Berry's expertise stems from a deep personal interest to find ways that would help him treat these conditions and improve the lives of his patients. He will take you through a patient's health history and documentation with special attention to these conditions and his treatment recommendations. He will bring together the big picture on how the central nervous system affects the many health ailments we suffer from. Come receive advanced training by and education from one of the foremost experts in the world in this field.

### COURSE OBJECTIVES

- Understand Basic Neurophysiology - the mechanism of healthy neuronal function and the foundation for neuroplasticity
- Summarize & Explain Neuropathophysiology.
- Categorize the mechanisms of neuronal disruption and cell death
- Describe how lasers effect the common causes of neuronal injury
- Measure the economic impact of neurological conditions in America.
- Empathize Neuro degeneration and pain conditions and how we can influence the economic burden.
- Reproduce technique to influence the central nervous system and human body function
- Critique technology implementation for today's practice
- Integrate balance testing through using objective biomarkers for outcome assessments
- Justify condition specific technique and applications for the most common neurological and chiropractic conditions
- Outline FDA Market Cleared laser research and clinical applications
- Support medical necessity through FDA cleared research
- Demonstrate hands-on applications through workshops and their influence on the central nervous system
- Summarize review of research, physiology, clinical applications and techniques

### LOCATION

**Embassy Suites**  
200 S Moorland Rd  
Brookfield, WI 53005

### INSTRUCTOR BIO

**Dr. Trevor Berry** was born and raised in Alberta, Canada. He completed his pre-medicine requisites at the University of Calgary and went on to complete his Doctorate at Parker University in Dallas, Texas. He graduated Magna Cum Laude, Salutatorian and was the recipient of many academic awards including the Parker Scholastic Excellence Award. He went on to become a board-certified Chiropractic Neurologist in 2001 and has over 2500 hours in post-doctoral studies in neurology, functional medicine and low-level laser therapy. He is involved in multiple laser studies and has been the principle investigator on Level 1 FDA studies. Dr. Berry lectures for BTB Health Systems, nutrition companies, lab companies and about low-level laser. Because lasers profoundly influenced his own health status, Dr. Berry has dedicated himself to bringing the innovative laser applications to the health care system.
