About Seminar

Join Dr. Trevor Berry, as he pioneers the movement to connect the human body & brain. At the forefront of medicine, Dr. Berry's background & extensive education will help bring to light advanced treatments for the brain diseases that are greatly affecting our society: Traumatic Brain Injury, Strokes, the Gut-Brain Axis, Autoimmunity, Pain & Inflammation, Basal Ganglia Disorders, Dementia & Alzheimer's.

As a specialist in this arena, he will take you through a patient's health history, examination & documentation. Special attention will be paid to neurological conditions and Dr. Berry's treatment of them through advanced chiropractic care, lasers, labs & nutrition. He will bring together the big picture on how the central nervous system affects the body & influences many of the ailments our society suffers from. During this brand new 12-hour CE accredited seminar Dr. Berry will show you a clear & simple path to revitalize your practice and empower you to change your life and the lives of your family & patients.

Join us for this new seminar & transform your practice today!

Dr. Berry was born and raised in Alberta, Canada. He completed his pre-medicine requisites at the University of Calgary and went on to complete his Doctorate at Parker University in Dallas, Texas. He graduated Magna Cum Laude, Salutatorian and was the recipient of many academic awards including the Parker Scholastic Excellence Award. He went on to become a board-certified Chiropractic Neurologist in 2001 and has over 2500 hours in post-doctoral studies in neurology, functional medicine and low-level laser therapy. He is involved in multiple laser studies and has been the principle investigator on Level 1 FDA studies. Dr. Berry lectures for BTB Health Systems, nutrition companies, lab companies and about low-level laser. Because lasers profoundly influenced his own health status, Dr. Berry has dedicated himself to bringing the innovative laser applications to the health care system.
