

Seminar

Topics

- Assess America's Health by identifying the primary healthcare issues in America today
- Breakdown the Essential Eight factors/habits that improve health, reduce the risk of health problems that would otherwise require provider interventions
- Summarize Mechanical Integrity - the importance of mechanical integrity with an emphasis on inflammation, fibrosis, and mechanical neurology
- Breakdown photobiology & low-level laser and how it applies to office visit
- Outline the importance of blood flow as the key component of human physiology, with an emphasis on mitochondrial ATP production
- Summarize the importance of the mitochondria in health and disease and discuss the relationship between the mitochondria, free radicals and ATP
- Summarize & Evaluate the importance of ATP in human physiology
- Learn key physiological functions of ATP
- Support the relationship between mitochondria, free radicals, ATP, cytochrome oxidase enzyme, and laser photon therapy through basic sciences
- Integrate biphasic nature of laser photon therapy, wavelengths, amperage, penetration, secondary and primary physiological influences
- Differentiate scientifically based laser applications of diverse nanometers for introductory and advanced patient applications
- Discover protocol for brain function: trauma, degenerative, vascular
- Demonstrate protocol for chronic low back pain
- Apply protocol for acute whiplash
- Integrate protocol for scar tissue and the fibrosis of repair

About Seminar

In this NEW 12-hour course, professor, and research expert Dr. Dan Murphy DC, DABCO will advocate how structure and function are optimized through a poly-therapeutic intervention program that develop superior clinical outcomes. Dr. Murphy, DC will succinctly drive home key concepts ranging from Chiropractic care, laser therapy, ATP, mitochondrial function, diet, exercise, brain health, low back pain and state-of-the-art technologies that are tailor-made for expert chiropractic care by managing common clinical syndromes. Dr. Jerome Rerucha will take the knowledge learned to maximize treatment applications through effective and quick hands-on demonstrations & workshops to propel laser implementation for success in your clinic. **Including a 3-hour Advanced Session.**

Seminar Cost: \$FREE*

*Northwestern Health Sciences University (NWHUSU) applies for CE Hours to the chiropractic state licensing boards in states surrounding the seminar location. If you need hours for other states, please contact NWHUSU before the seminar at 952-885-5446. Certain restrictions apply: *\$65 extra for CEs (if needed). Transcripts are sent out by email approximately 2 months after seminar completion. If you need a copy sooner, please contact NWHUSU directly at (952) 885-5446.

DC States Applied for: OH, MI, IN, KY, WV, PA
