## MAKING A DIFFERENCE #ERCHONIA2021

- Two Days of Powerful Laser Talks -

*Presented by Industry Leading Experts*

September 23<sup>rd</sup>-24<sup>th</sup>, 2021 – Orlando, FL

~14 CEs Applied NWHU~

### ABOUT THE SEMINAR

To commemorate Erchonia's 25th anniversary as the World Leader in Low Level Laser Technology, there is not a better way to celebrate than to have the very physicians who use our products from around the globe lecture on how non-thermal laser technology by Erchonia has not only changed their practices, but also their disciplines. We are pleased to announce an essential 14-hour in-person seminar featuring a wealth of laser knowledge & implementation all in Orlando!

As global stats show, our society is facing colossal increases in the number of debilitating brain diseases, pain syndromes are skyrocketing and more than ever before, patients are simply becoming extremely unhealthy, be it through addiction to opioids or poor lifestyle choices due the stressors of everyday life. Our speaker line-up includes a Harvard trained neurophotobiomodulation specialist, an amazing Doctor of Nursing Medicine & the top physicians from Chiropractic, Acupuncture and Podiatry. These teachers will undoubtedly deliver substantiated lectures & provide hands-on demonstrations on non-thermal laser applications. Each session by design will support the long-term developments for low-level laser therapy (3LT®) in each prospective discipline.

Researchers, Physicians and Laser Enthusiasts are invited to obtain an astounding wealth of laser knowledge highly sought-after clinicians and proceed back to their clinics with the means to change their own practices. This must-attend event is for those who are looking for critical advancements in medicine through proven lasers and will be followed by an industry leading cocktail reception where attendees will not only meet the presenters, but also be empowered as they network with their peers & exchange laser pearls from across the nation.

*Join us for a 2-day course function & performance to help improve lives!*
