

Topics

- + Basic Neurophysiology-Understanding the Mechanism of Healthy Neuronal Function and the Foundation for Neuroplasticity.
- + Neuropathophysiology-Understanding the Mechanisms of Neuronal Disruption and Cell Death.
- + How Low-Level Lasers (LLLT) Influence Neuronal Injury, Degeneration and Nervous System.
- + Introduction to the Brain Gut Axis.
- + Genes and Antibodies Involved in Neurological Disorders.
- + Cardiovascular Markers & Influences of Blood Markers on Brain.
- + Review of Research, Physiology, Clinical Applications and Techniques.
- + How to Use Chiropractic, Nutrition and Laser Technique Combinations to Facilitate Recovery of Damaged Barrier Systems, Inflammation Reduction & Glial Priming.
- + Lab Testing for Brain & Neurological Functions:
 - + Genetic and metabolic function markers
 - + Thyroid genetics & antibodies
 - + Androgen genetics & antibodies
 - + Blood sugar, Leptins, adiponectins genetics, antibodies & brain function
 - + Hormonal testing & antibody testing
 - + Barrier systems
- + Pain Syndromes & Neurological Presentations.
- + How the Spine and Neuro-Musculoskeletal Conditions Manifest with Treatment.
- + Supporting Medical Necessity with FDA Market Cleared Research.
- + Demonstration of Condition Specific Applications of LLLT & Nutrition Protocols for Neurological Conditions.

Seminar

September 10th-11th, 2022

Hyatt Regency Bloomington – Minneapolis
3200 E. 81st St.
Bloomington, MN 55425
Phone: (952) 922-1234
Social Distancing in the Meeting Room
*Hotel subject to change due to Covid-19

Registration 7:30am CST
Sat 8:00-5:45pm CST
Sun 8:00-3:20pm CST

14 CEs Applied
See Back for States

*Check with your state licensing board directly to make sure you are up-to-date on the continuing education rules and requirements.

LIVE STREAM AVAILABLE

The Future of Neurology Now

Next Generation Neurological Treatment, Integration and Prevention

REGISTER NOW

For seminar registration, call (888) 242-0571 Toll Free or go online to www.erschonia.com/seminars.

As leaders in technology and education, our responsibility is to be at the forefront of medical advancements, thereby providing balance and opportunity for doctors to step into the next wave of success for their practice. In coordination with Erchonia, Dr. Trevor Berry and Dr. Brandon Brock have designed this **NEW ADVANCED COURSE** setting their sights on addressing the primary neurological issues facing our ever-changing world. Through their painstaking diligence and active measures, they are on point in changing the way modern medicine is delivered through advanced techniques and low-level laser technology. Never have two neurological experts of this caliber come together to host THE COURSE OF THE YEAR on neurology and functional medicine. Their ever-growing list of accolades speaks for themselves.

The focus will be on laser, cellular receptors, genetic responses, antibody testing, basic serological testing laboratory testing, and various advanced treatment techniques to alter neurological function. In addition, they will examine posture, biomechanics and muscle function as they are keys to the insight of brain function.

As a doctor, it is your goal to provide the best treatments and techniques possible for your patients. Drs. Berry & Brock provide ample opportunity for your growth in accomplishing your goal in this (14) hour course, and thereby, they dually achieve theirs in providing the roadmap to the next generation of neurology and functional medicine. The doctors will have you on the edge of your seat, seeing how these hot topics will change your patients' lives.

Join us for a paradigm shifting 2-day advanced course in optimizing neurological function and performance for maximum health & wellness!

SEMINAR COST: \$299 | CES COST: \$FREE

About the Speakers

Trevor Berry, DC, DACNB

Dr. Berry was born and raised in Alberta, Canada. He completed his pre-medicine requisites at the University of Calgary and went on to complete his Doctorate at Parker University in Dallas, Texas. He graduated Magna Cum Laude, Salutatorian and was the recipient of many academic awards including the Parker Scholastic Excellence Award. He went on to become a board-certified Chiropractic Neurologist in 2001 and has over 3000 hours in post-doctoral studies in neurology, functional medicine, and low-level laser therapy. He is involved in multiple laser studies and has been the principal investigator on Level 1 FDA studies. He is the founder of Arizona Chiropractic Neurology Center and has been in practice for over 25 years in Chandler, AZ. As an international speaker, Dr. Berry co-founded BTB Health Systems and lectures for nutrition companies, lab companies and about low-level laser. Because lasers profoundly influenced his own health status and family, Dr. Berry has dedicated himself to bringing the innovative laser applications to the health care system. Dr. Berry's expertise stems from a deep personal interest to find ways that would help him treat these conditions and improve the lives of his family & patients alike.

Brandon Brock, DNP, DC, APRN, NP-C, DACNB, DCBCN, BCIM

Dr. Brandon Brock is a practitioner in Dallas Texas who holds a Doctorate in Family Nursing Practice and an orthopedics specialty degree from Duke University. He has a Diplomate in Functional Neurology, Nutrition, Conventional Medicine, and Integrated Medicine as well. He holds Fellowship status in Childhood Disorders, Neurology, Electrodiagnostic Medicine, Neurochemistry. Dr. Brock is also a Global Clinical Research Scholar from Harvard Medical School. He is a candidate for a Ph.D. and will be defending his thesis defense in the next year.

In Dallas Texas, he serves as chief clinician at Carpathia Collaborative. He enjoys teaching and providing educational support to facilitate learning for multiple groups and agencies. This includes topics that ranges from nutrition and regenerative medicine to pharmacology and governmental policy. His unique blend of clinical and teaching experience along with a background in medicine, neurology and nutrition has created a unique and integrated clinical background that has helped him treat difficult cases and offers comprehensive angles on education and clinical presentations.

DC States Applied for: MN, ND, SD, IA, WI (LIVE)

AL, AK, AZ, CA, CO, CT, DE, DC, GA, HI, ID, IL, IA, KS, KY, ME, MD, MA, MI, MN, MO, MT, NE, NV, NH, NJ, NM, NY, NC, ND, OH, OK, OR, PA, RI, SC, SD, TN, TX, UT, VT, VA, WA, WI, WV (Webinar)

DC Canadian Provinces Applied for: AB, BC, MB, NB, NF, NS, ON, PI, QB, SK (Webinar)

NCCAOM Applied (Live & Webinar)

IND States Applied for: MN, ND (Live) AZ, CA, CO, CT, DC, ME, MD, MN, MT, NH, ND, OR, RI, UT, VT, WA (Live & Webinar)

National University of Health Sciences (NUHS) | Lincoln College of Postprofessional, Graduate and Continuing Education | 200 E. Roosevelt Rd. • Lombard, IL 60148 • (630) 889-6622 applies for CE Hours to the chiropractic state licensing boards. If you need hours for other states, please contact NUHS before the seminar at (630) 889-6622. Certain restrictions apply. Transcripts are sent out by email approximately 2 months after seminar completion. If you need a copy sooner, please contact NUHS directly at (630) 889-6622. CE credit applied for by: National University of Health Sciences. National University of Health Sciences is a CACGEN Approved Provider of Continuing Education.
