

LET SUMMER BEGIN

Zerona is a non-invasive fat loss laser. The multi-site clinical trial conducted by Erchonia to validate the Zerona process focused on the waist, hips and thighs. The Zerona low-level laser is FDA approved for use on these target areas, plus now arms, chest, knees, ankles and back or bra fat. The Zerona Z6 treatment protocol has the client lie on a comfortable table for 20 minutes on each side while the six lasers are applied to the target areas simultaneously.

UNBELIEVABLE

RESULTS AS FAST AS 2 WEEKS

Z E R O N A

Non-invasive fat loss
