

New Paradigm in Functional Health

A Comprehensive Approach to Optimizing Patient Outcomes

Presented by Dr. Robert Silverman, DC, MS, DABCN, DCBCN

Dr. Robert Silverman, the doctor's chiropractic doctor and laser therapy expert, leads you through the latest developments in a comprehensive approach to treatment. Based on the plethora of quality new research, you'll learn the value of laser therapy as a stand-alone modality or as a synergistic treatment that fits perfectly into your chiropractic armamentarium. In his dynamic presentation, Dr. Silverman presents integrative approaches to performance nutrition, essential supplementation, improving immune function, functional assessments, current options for blood testing, and other new protocols that will help you attain superior clinical outcomes.

Also included is Dr. Silverman's new paradigm for neurodynamic testing, along with extensive hands-on demonstrations, highlighted by his patented method for vagus nerve stimulation. This seminar explores how systems interact, including the bidirectional gut-brain axis. You'll learn practical applications for patients with concussion, Alzheimer's disease, SIBO, Lyme disease, and the newly emerging clinical problem of long COVID:

Dr. Silverman will provide a 10-page, take-home algorithm explaining laser therapy and its application during the correlated stages of healing.
