Zerona® Z6 Laser

Zerona® laser is an FDA Cleared full body fat loss treatment that allows clients to target areas of stubborn fat. Zerona Laser treats overall body circumference. Applied externally, the laser targets excess fat by emulsifying fatty tissue through the use of cold laser technology **developed by Erchonia®.**

***Avg. inch loss in clinical trial** **3.72"**

*Individual Results May Vary

No Freezing | No Side-effects | No Downtime
