NON-THERMAL LASER THERAPY

GET BACK TO DOING WHAT YOU LOVE

FX 405 from Erchonia. The only FDA market cleared laser for the treatment of plantar fasciitis.

Now you can relieve your pain and inflammation of the heel associated with plantar fasciitis. Our new FDA market cleared laser has been proven in clinical tests to effectively treat this painful condition. The healing powers of this low level laser technology can mend tears in the plantar fascia ligament in only a matter of weeks and return you to an active life once again. To learn more about our low level laser therapy, visit our website or ask one of our staff members about the FX 405.
