

# CURVA<sup>®</sup>

## Supplement for Success

CURVA is a unique blend of active ingredients designed to assist the body in properly processing released fat.

## Ingredients that Work

**Niacin**, also called nicotinic acid, is a B vitamin (vitamin B3). It occurs naturally in plants and animals, and is also added to many foods as a vitamin supplement. It is also present in many multiple vitamins and nutritional supplements. Niacin is used to treat and prevent a lack of natural niacin in the body, and to lower cholesterol and triglycerides (types of fat) in the blood.

# CURVA®

## Directions:

- Take one CURVA capsules twice daily (AM - PM)

## Directions for use:

- Begin taking CURVA as described above for one week prior to initiating treatments
- Take CURVA throughout the treatment series
- Continue taking for one week after treatment has ended

### CURVA Contraindications:

Niacin is a B vitamin that occurs naturally in plants and animals and is commonly used to treat and prevent lack of natural niacin in the body and to lower cholesterol and triglycerides in the blood.

Do not take this product if you are pregnant, allergic to nicotinic acid, have diabetes, gout, have severe liver disease, a muscle disorder, a stomach ulcer or active bleeding. Consult your health care provider before taking Curva.

Because CURVA contains Niacin, a vasodilator, you may experience:

- Warmth, redness, or tingly feeling under your skin
- Itching, dry skin
- Sweating or chills
- Nausea, diarrhea, belching, gas
- Muscle pain, leg cramps
- Sleep problems (insomnia)

Get emergency medical help if you have any of these signs of an allergic reaction: hives, difficulty breathing, swelling of your face, lips, tongue, or throat.
