

CHOOSE LUNULA AND **SEE RESULTS!**

Long gone are the days of being embarrassed of your feet.

As the first and only non-invasive laser on the market, Lunula treatments stimulate healthy nail growth to battle the effects of onychomycosis. Patients have reported up to 6mm of nail growth in just 6 months. With a Lunula treatment plan, you can fight toenail fungus with easy treatments and start loving your feet again!

Lunula Laser Benefits Include:

- ✓ **Short, 12-minute treatments**
- ✓ **All 5 toes treated at once**
- ✓ **No heat or pain during or after**
- ✓ **Walk in and out of appointments**

**89% OF PATIENTS
SEE POSITIVE
RESULTS!**
