

SIMPLIFY YOUR WEIGHT LOSS JOURNEY

Zero Invasiveness. No Recovery Time.

You're invited to learn more about this revolutionary non-surgical technology on **Day, Month Date, 2023** at a special Open House event.

The Zerona is the first laser specifically designed for body contouring and has been repeatedly tested in clinical settings to safely shrink fatty cells. With the Zerona Laser, your weight loss journey is **backed with the confidence of the manufacturer's 22 FDA market clearances.**

Zerona technology protects the body's fat cells by not killing or damaging them in the treatment process. As a result, the fat cells will be restored to a lean fat cell in a much healthier state. By utilizing the body's natural lymphatic system, there will not be any danger during the treatment. This way, you can lose weight with simplicity and peace of mind.

✓ **No swelling** ✓ **No bruising** ✓ **No downtime**

Our team is ready to make your body transformation easier!
