

# INVEST IN CHANGE

## this Fall with ZERONA®

As the leaves change and we embrace a season of gratitude, ZERONA® VZ8 offers the perfect balance of high-quality results and accessibility. Rigorously tested through double-blind, placebo-controlled clinical trials, the ZERONA® VZ8 delivers an average of 3.91 inches lost — with no pain, no downtime, and no guesswork.

Designed with precision and innovation at its core, the ZERONA® VZ8 is the smart choice for those seeking visible change without the cost or complications of invasive surgery. Treatments are quick, comfortable, and leave you feeling confident — a true reason to celebrate this season of thanks.
