

OVERCOME PAIN & DEFEAT

*with healing light
technology.*

LOW-LEVEL LASER THERAPY

Pain does not have to define your life. With the precision of Erchonia's suite of powerful yet touchless lasers, the standard of care for patients experiencing pain and inflammation has advanced. Through photo-chemical stimulation, Erchonia targets the mitochondria — the cell's powerhouse — to increase ATP production and support the body's natural healing processes. The result is a more efficient recovery response that promotes stronger, healthier outcomes — all backed with FDA clearances.

Target Problematic Pain Areas

Non-Invasive Treatment Sessions

FDA Cleared for Safety & Efficacy
