

MOTHER'S DAY EXCLUSIVE

This Mother's Day, treat yourself! The Zerona® VZ8 is the world's first violet fat loss laser with revolutionary technology that delivers faster, more effective results akin to Hollywood treatments, without the pain or price tag.

Zerona® VZ8 uses 8 precision laser heads to target fat cells beneath the skin, creating a temporary opening that allows fatty liquids to drain and be naturally flushed out through the body's lymphatic system. By emulsifying the fat inside of unhealthy cells, it allows the liquid to pass through pores and dispose naturally and effectively.

Zerona® VZ8 Features:

Targeted Fat Reduction

Zero Invasiveness
