

LOSE INCHES. NOT TIME.

The Zerona® laser system is a safe, non-invasive solution designed to help you look and feel your best.

HOW IT WORKS

1. TARGETS FAT CELLS

Low-level laser technology penetrates the skin to target and disrupt fat cells.

2. RELEASES FAT

Fat cells release their contents (triglycerides) into the interstitial space.

3. NATURAL ELIMINATION

The body naturally processes and eliminates the released fat through the lymphatic system.
