THE HEALING CHOICE

for pain relief.

FX635

LOW-LEVEL
RED LIGHT THERAPY

The FX635 is the only laser of its class with FDA clearance for treating patients with nociceptive musculoskeletal pain, plantar fasciitis, and chronic lower back pain. With a non-invasive and touchless approach, you'll experience the groundbreaking power of red light therapy. By stimulating healing on a mitochondrial cellular level, you'll experience natural relief without heat, pain, or any poking or prodding.

Refuse to normalize daily pain as a standard in your life. Contact our team today and explore your options for healing with FX635.
