FIND RELIEF *with life-changing technology.*

FX635

LOW-LEVEL
RED LIGHT THERAPY

Utilizing the transformational power of red light, the FX635 targets painful regions in the body and ushers in relief and ultimate healing. Patients with lower back pain reported a 58% reduction in pain in clinical trials. The FX635 is also the only low-level laser of its class cleared for plantar fasciitis and nociceptive musculoskeletal pain.

It's time to move beyond just managing pain - resolve it with FX635. Contact our team of specialists today to tackle your persistent pain.
